C.M. Bey/Moses A BRIEF HISTORY OF CHARLES MOSLEY BEY Funeral for C.M.Bey was held last Saturday morning at Edward Stowder Chapel. During his lifetime he received his doctorate, LLD, 3rd, 33rd and 360 degrees free born Moorish master Mason status. He was a master astrologer and Moorish constitutional law. The Latin native language of the Moors was used throughout the program. Born on March 3, 1897 in Chicago. During his life he studied at the University of Chicago, where he served in World War I. He then studied at the University of Yucatan in Mexico, where he collected knowledge of the Moabit nation. From that moment on he intended to write the necessary documents, books and cosmo Constitutions of the Great Seal Act that the world could be free. K.M. Bey registered his work in the Library of Congress in 1947, coded under Section 22 of Chapter 2 Sec. 141 under judicial protection. At that moment he began to walk from place to place, lecture and work to recover lost people. Namely those classified as blacks, blacks, African Americans, Western Indians, etc., but especially black people here in America are called negroes of their constitutional heritage, birthrights and nationality, which would free them from their enslaved causes through their animal-breeding labels, blacks and slaves. He worked conscientiously for 10 years from 1947-1957. It was this time that he was struck by a stroke in which a speech disorder resulted. After recovering from a stroke, K.M. She began to teach others: from 1957 to 1973. He worked diligently and conscientiously on writing literature so that the work of raising the fallen humanity could be carried out. Our Dear Constitutional Law Giver took shape at Lakeside Hospital, not at a friend's house. You will find many parallels with the prophet's utterances. Yes, it was ordered by the Prophet. I left some groups that came afterwards in order to keep a positive light and allow the Moorish community to move forward without prejudice. «The Moors and Europeans will rise together, then you will understand the meaning of the book™ - Hours of Destiny. The teachings of K.M.™ were prepared specifically for the Black Masons and black Eastern Stars based on the books The Hours of Destiny and some materials. It was a private organization and still is. There are some fraternities and particular Masonic Grand Lodges that keep their heads down and act very elite towards those who are not members of their organization. One fraternity is Alpha Phi Alpha Brotherhood Inc. another Prince Hall of the Grand Lodge. Everyone should keep in mind when Bule (1904) and Alpha Phi (1906) was launched it was based on them not being allowed to enter the white fraternity and other white societies. This means that they were not allowed to share their social equality, so they created their own. It was an excellent decision; however, what white™ on, we in turn put the same on very own people. This applies to the specific Masonic order as well. Every Black Masonic order is not recognized because of the term Clan-fate. K.M. Bey has shown that the clan really means clanism (Hours of Destiny's Book). The clan practiced separation and so this particular Grand Lodge applies the same to its own. The Prime Minister respects and honors the greatness of their choice of membership and their goals. They have chosen some of the best in nature to build our young boys to help them become gentlemen. In 2013, one of the students of C.M. Bey shared a great understanding of Divine 8, which is today known as Divine 9, that is, brotherhood and brotherhood. They use the term in AMORC the Prime Minister told us: Prati and Soros. As a swamp we must understand that the Moors do not subscribe to being gentlemen because of its English and French origins. We Moors have always signed up to be Moorish nobles. Not Shriners, because they have an accepted rite. We Moors inherit birthright. However, as the Moors say, you must meet the person where you find them. Members should keep in mind that lodges, divine 9 and boule materials are based on Moorish science. All three accept Greek alphabets and principles of administrative activity. Also Egyptian culture. When the Alpha Brotherhood recommends the book Legacy, which is one of the books recommended by the Prime Minister, they will find that the Moors were the protectors of Egyptian land. When you read Masonic materials, you will explore how Moorish history entered the fraternity through the Knights of the Temple. In some cases, the swamps themselves. Thus, refer to the Hours of Destiny Book Volume II page 34: One™ M.A., M2. B.A., B.S., D.d. LLD, PhD, Dr. and Alpha, Beta, Kappa, Gamma to Omega, especially if their skin is dark brown, means very little to them in practice until they have absorbed the revelation of Moorish history, so everything has to go back to the source. Another important note for all members of the Clock of Destiny, Alpha Phi Alpha Inc. mentions that they must inherit the government and lead the nation. The Prime Minister shared with us that the man of them does not know some historical facts, because the land cannot be divided with the subjects, but the Moorish descendants of this land on the basis of our Moorish proclamations, inherited birth rights and other materials not mentioned in this lesson. In addition, only the Moors can guide people by first restoring them as first-class citizens through Moorish nationality and by birthright. This must be done by following our plan. As the prime minister noted. We plan there in the Koran of Circle 7 and The Hours of Destiny. All hours of Destiny members must take the Prophet and Moses in to understand the plan. We must succeed in every science, as C.M. mentioned in the Hours of Destiny Books. That would be equal to our success. The fraternities mentioned above are our friends. In the women's world, women are also our friends. We must teach them the hidden truth and at the same time show them our successes. But let me be clear about O.M.™ Moors should never feel disadvantaged by any organization. Europeans must rise with the Moors on the basis of Vol. 2. We are the direct heir to this land, and Jews and several European families know about our progress. The Moors and the Jews are our brothers as well kept secret in the hours of fate (Keys and always was in the hands of Kinky hair Moors-COD). At this time, Jews and White Christians™ North America. There will be a time that the Moors, Jews and white Christians will rule side by side. Remember, there was a time when the Moors and Jews ruled together. Those who remain under the Christian needle will continue to fall under the king's leadership, while the Mauritanian Republic will manage its own affairs with the help of the Europeans and in the opposite direction. Blacks choose to serve under an eagle is voluntary; therefore, we Moors must reach those who are on the way back seal. Our Moorish ancestors ruled the world and the seven seas. Popes kissed the feet of the Moors (Moorish Empire). We have created highly developed educational institutions. We have introduced light into the dark ages of Europe. We lived in empires, castles and ate the best foods and wore the greatest fabrics. Diamond and gold, yachts and jets were our toys. We have built respected civilizations and libraries. Irrigation, gun power, art, etc. we were known. For those Moorish Americans who know about such a story we should not put on the people of the world that some of these blacks do to each other, but we must continue to read. Head to Morehouse, Spellman, the Hamptons, El Fisk, Harvard and Princeton. Also look at the University of London, the University of Cambridge and the University of Oxford. We list only the best, because™ all the swamps knew, and this is the best. Moors should never agree with less of anything. Moors are never sorted to be equal or equal rights. Because no ethnicity has ever been equal to Moorish achievements. Therefore, we must always strive for the best and teach our children the same quality of life. Remember that the prophet said, Moores are rich (Moors, you are millionaires). - C.M. Bey Student. He also said that the moors look their best as a student of C.M. Bey™ told the Prime Minister that the Moors think in the thousands when they have to think in millions. Student C.M. Bey He asked that his name remain private, but there are Hours of Destiny Temple member as a witness to solve your economic and social problem This is one of the main reasons the Moorish college was established. The Moors must solve their economic problems, solve their social social The history of civilization shows that no nation can rise to a high degree of mental or even moral perfection without wealth - Old Guard. This should be the focus of every swamp, especially members of the Church in the Temple of destiny clock and college at home and abroad. The Prophet and his predecessor, the Honourable Marcus Garvey, showed economics. Our constitutional law Giver, as many Moors call Moses, Charles Mosley Bey advocates economics. Elijah Pool Bey AKA Elijah Muhammad (Read Malcolm X's autobiography) stands for the economy. Hours of Destiny members must live and give examples of nobility, service with the economy. The words of the Constitutional Law - All hours of the fate of Moorish history is the highest science of the 12 signs of the law and the constitution of the zodiac on which civilization is founded. So stay with the Destiny Clock Moorish History classes from this Moorish School of History come 144,000 guide to the cultural Moorish nation's northern gate zodiac universe, known today as the United States of North America-Word by C.M. Bey. Yes, it is my responsibility to teach C.M. Bey lessons to those who have chosen themselves to help me in the rise of fallen humanity; spiritually, economically, socially and politically. Says the author and founder, C.M. Bey, since the so-called Negroes initiated the Freemasons and the Eastern Stars was under the oath of death to preserve and protect the Great Secret they never had, it was my God-given assignment to write the Hours of Destiny Books and Documents Plus powers. And create the Destiny Clock of the Moorish birthrights School of the Great Seal of 360 Degrees of Freemasonry with the Library of Congress and with the Department of Justice, Washington 25, and the District of Columbia in order that these unfortunate so-called negro initiated Freemasons and Oriental Stars could have a golden opportunity to enroll in the Hours of Destiny School to gain more wisdom, knowledge and understanding of the Great Seal of our Supreme Law and Science, of which will allow them to become truly free Moorish Americans, a master of Freemasons and Eastern stars for the first time in history since 1776-1789. It was a two-page document, however I could not tell you all because it was reserved for the ears of its members, however, let it be known that C.M. Bey looked more like Freemasons and Oriental Stars to solve this problem along with other members of the Clock of Destiny, because they would be able to relate faster to what it was revealing. This is why the Clock of Destiny Speaks, especially for initiated Freemasons and Easter Stars. This did not exclude the 150,000,000 Moors, but he knew that a traveling brother or sister would be particularly helpful in the Hours of Destiny of the Great Work. Take time out and read Destiny Vol Watch carefully. 2. All members of the Clock of Destiny must read this carefully and™ in unity to revive and save the nation. The Watch of the Fate of the Moorish Watch the Destiny of Members in the Moorish Temple and College founded by K. M. Bey and the Prime Minister should always remember that we are the Hours of Destiny Representative and our goal is recoded in our materials and repeated in meetings and on conference calls. One of the goals below is K.M.B.: To have them sent to Washington, D.C., as qualified cultural representatives of the Moorish nation of North America. But in order for this particular group to become well qualified, it is therefore necessary that they discipline themselves in order to eliminate from their minds the desire of the zodiac mystery, hypocrisy, false history, envy, jealousy, fame, popularity, prestige, short schemes to cut and selfish power to dominate. Otherwise, they can never become qualified as dedicated to the Watch of Destiny of Moorish representatives. This is true today among members of the International College of the Hours of Destiny of the Great Seal and the Temple of Destiny Clock. If any member goes against this saying and articles 3 and 6 in the Moorish Constitution, then they are no longer members of this August body. We, members of this Moorish National Order of the Great Seal, must contribute to organized efforts in the category of all legal enterprises, such as: The Chain of Shops of Necessary Human Consumption; Housing and construction programmes; Agriculture; Printing Literature; Home group education in the Moorish science of the zodiac involving human character, sociology, economics, commerce, science of good government, etc™™™ In addition, each member of the Destiny Watch should develop ways to apply one or two of the above economic ideas in their state/land country. If you are in North America and you would like to see the Moorish government evolve from a watch of fate to citizenship then consider the below departments and email hours of fate with your name, phone and email. You must first become an official member of the Clock of Destiny. 1. Department of Health: Must have certification or license. 2. Economic Department: Must have a degree in Economics 3. Department of Life Statistics Experience: Must Have Secretary's Skills, Management Skills 4. Faculty of Law: Must have a law degree with experience or/and a law degree. 5. Mauritanian Consulate: Vice-Council: Must have a legal education, economics and course in international relations. 6. Governor of the State: Bei or Elle: Sociology, Leadership and Bachelor's Degree with Relative Courses. 7. Minister for Religious Affairs: If you are an adept from the religious part of the Moorish temple of Science of America with proof you can. All candidates are subject to background checks: on the basis of the offence will be determined. Rape, unjustified and robbery is an automatic denial. All offences under the age of 16 are ignored. All conclusions will be kept secret. Please note that there are other to consider, but at present the above takes precedence. The Prime Minister will apply his research to the Government from materials he learned while in the United Kingdom. The premise of the Mauritanian great press government is to: 1. Raise the Moorish nation to an economic, social and political standard with the peoples of the world. 2. To protect the interests of women and children in the country. 3. Work with other countries for the benefit of fallen humanity. We think of the nation, not the group. If you feel and know that you can contribute to this high cause, please™™™ and prove it. This is a chapter that was not included in Circle Seven from Ino Thee I Grant, but we believe it is necessary to be disclosed on the basis of time and its source. The beautiful nobility does not live only in the Soul; and is not a true honor, except for goodness. Crimes cannot elevate the person who commits them to true glory; and gold can't make people noble. When titles are the reward of virtue, when it is set to the high, who hut served his country, whoever bestowed the honors has fame as the one who receives them; and the world benefits from it. Would you like to be raised for men do not know what? Or would you say: Why this? When the virtues of the hero descend to his children, his titles accompany them well; but when the one who possesses them is not like the one who deserves them, yes, they do not call him degenerate? Hereditary honor is considered the most noble; but reason speaketh in the matter of who the hut acquired it. The one who, unreasonably himself, appealing to the actions of his ancestors for his greatness, is like a thief who claims to be protected, lying to the pagans. What good is it for the dumb that his parents are eloquent? Even so, what does this mean that their predecessors were noble? The mind, prone to virtue, makes a great possessor of it; and without titles he will raise it above the vulgar. He will be honored, while others will receive it; and will he not tell them. These were the people you glorify in being derived from? As a shadow waileth to the merits, even so true honor attendeth on the good. Do not say that honor is a child of courage, and do not believe that the danger of living alone can pay the price: it is not the action that it should, but the way it is carried out. All of them are not called to lead the state; and their armies should not command everyone; do well in what tends to your charge, and praise will remain on you. Do not say that difficulties need to be defeated, or that labor and danger should be on the way to notoriety. A woman who is chaste, she is not praised? A man who is honest deserves not to be honored? The pursuit of fame is violent; The desire for honor is powerful; and whoever gave them gave us big big ones When desperate actions are needed by the public, when our lives should be exposed for the good of our country, what can add strength to virtue but ambition? It is not receiving the honor of that delighteth noble mind; his pride deserved it. Wouldn't it be better to tell men. Why hath not this man statue? What do they have to ask why he's a hut one? Ambitious will always be the first in the crowd; he presseseth forward, he looketh not behind him. More suffering to his mind to see one before him than the joy of leaving thousands at a distance. The root of ambition in every man, but it rises not in all: the fear of keeping him in some; in many it is suppressed by modesty. Honor is the inner garment of the Soul, the first thing she will wear with her flesh, and the last thing she lay down when she was separation from her. It's an honor for your nature to be used: when you direct it for the wrong purpose, it's a shame to destroyeth you. In the chest of the traitor hide ambition: hypocrisy hides the face under the mantle; cold dissimulation is furnished with smooth words; but in the end people will see what it is. The snake loses not his sting, though benumbed by frost; the tooth of the viper is not broken, although the cold close the mouth; take pity on his condition, and he will show you his spirit; warmth him in his chest, and he would requite you with death. One who is really a good virtue of love for himself, he despises the applause that ambitious aimeth after. How pathetic was the state of godness if she could not be happy, but from another praise! It is too noble to seek compensation, and no more will than can be rewarded. The higher the sun rises, the less shade it casts; the more good he is, the less he craves praise; but can't avoid his rewards in contrast. Glory as a shadow, fleeth the one who haunts him; but he follows him on the heels of someone who would fly out of him: if you court him without merit, you must never reach for him; if you don't deserve it, even though you're hiding yourself, he'll never leave himself. Pursue what is honorable, do what is right, and the applause of a fine conscience of your own will be more joy to you than the cries of millions who do not know that you deserve them. The Moorish School of Great Printing This letter is disclosed for the first time because of several questions asked and so it was approved to put it. This will let you know why C.M.™ materials are in several hands. After he sent members, they duplicated the work and founded their own organizations. We can't control the situation. At the moment, destiny clocks have no chance with any of the remaining groups. There are many swamps that have received the package that the premier received from the late Dumas-Lee at the table. The same document is contained in these packages. Since June 2, 1968 says K.M. Bey: The law cannot justify blind ignorance such as bigotry and disobedience. This decree must be read in all regardless of the empathy of friendship. In addition, according to C.M. Bey PodohordaThe Castle of Destiny Order of the Great Seal Under-Laws is outlined here, from March 1969. 16- There are no other hours of fate mooring The Constitution of the school sanctioned by K.M. Bey. Also, those swamps that are in possession of the package, if you look at the page with K.M. Bey in a chair without Fez on You'll See What He Also Called Ordering Murish National Order of the Great Seal. There was a time when there was a great separation from the Prophet and Moses about the movement. But now we are moving forward in 2015, and we all need to change our ways and get to work. We must learn to put our egos on the sidelines and always define our movements based on the success we desire for our next generation at the economic, social and political level. The Prime Minister and his three-person council are ready to sit with any Moorish heads of official affairs. But the one™ has a voice. There are no deputies, only where our power is defined. In the best sense, decision makers. Discussions of desired unity and economics. Our venue should be the centerpiece and the arrangements are in an official capacity. We will meet only if all this will be organized on purpose. Moors are clean, noble and business-oriented. If these basics are not up to date, it is possible that a meeting may be organized at a later date. Our prime minister is busy building the Divine Law. We would like not to waste our time if it does not meet the plan. WE ALWAYS PRESENT OUR SOCIAL SECURITY CARD AND THE BIRTH OF CERTIFICATE USA WHEN APPLYING FOR THE JOB THAT IS NECESSARY. These are the exact words of Charles Mosley Lee. Many marshes, except for a member of the Order of Destiny of the Moorish National Order of the Great Seal and the College of the Great Seal's Destiny Clock, do not know about it or refuse to reveal this truth in order to spread the doctrine of extreme sovereignty. K.M. Bey realized that part and part meant, as taught by one of his teachers, the Prophet Noble Drew Ali. Ali.
